Can you guess the famous film / TV characters?

*Rhett Butler in Gone with the Wind, Inspector Clouseau in Pink Panther, Captain James Kirk in Star Trek
Dr Zachary Smith in Lost in Space, Mowgli in Jungle Book, Willy Wonka in Charlie and the Chocolate Factory*

Film Facts

The Pink Panther wasn't a character in the film, it was a diamond.

Sean Connery was the first man to utter those immortal words on screen
"The name's Bond... James Bond".

The chocolate river in Willy Wonka was actually made of real chocolate,
water and cream. It spoiled fairly quickly and left a terrible smell.

Rhett's iconic line, "Frankly my dear, I don't give a damn," was integral to the film.
However, it took the censors a while to move away from "My dear, I don't care"
which the director thought didn't have as much impact as he wanted.
